## HANNAH'S COMMUNITY

At Hannah's House, we are thrilled by the effect the community has on us and the effect we have on our community. In ACTS 20:17-23, we learn that to impact a community of Christ it must be done through personal and intentional community relationships, consistency in commitment to the community and compassion.

Currently Hannah's House gives to the community through our Hannah's Attic program, an emergency needs donation program to families with children. New programming at Hannah's House now requires mothers to give back to the community by doing group volunteer work on Saturdays. As our home church, and a long-time supporter of Hannah's House, our mothers have been giving back to Church in the City by baking for their Sunday morning coffee hour.

Along with Church in the City and their efforts to engage in the community, please join us in our commitment to impact people through intentional relationships, consistent relationships and compassionate relationships. We would love to be in relationship with you as you join us in our upcoming bowl-a-thon and 5k. Please give us a call if you have volunteer opportunities for the mothers at Hannah's House that will help us to continue to give back.

Thank you all for your continued support!

Executive Director
